PROFILE

Focused and highly motivated Software Engineer with 3+ years of industrial experience in Full stack software development. I'm capable of learning and adapting to new technologies quickly. Also a good team player.

WORK EXPERIENCE

Full-Stack Software Developer, Revolution Tech Software Solutions

Jan 2025 - Present

- Developed and maintained scalable web applications using React.js, Next.js, Node.js, and MS SQL Server, including REST API development and database design.
- Collaborated with cross-functional teams to design, develop, and deliver high-quality software solutions.
- Built a Hotel Management System for an international client (Italy) to streamline internal operations and improve efficiency.
- Designed and developed the company's portfolio website, enhancing online presence and user engagement.
- Created modern and user-friendly UI designs using Stitch, ensuring a consistent and responsive user experience.
- Contributed to multiple projects for local clients, delivering customized solutions based on business requirements.
- Participated in code reviews, ensuring code quality and adherence to best practices.
- Managed version control using GitLab, enabling efficient collaboration and code management.

Intern Software Engineer , Enterprise Business Intelligence (PVT) Ltd (Just In Time Group)

Aug 2023-Oct 2024

- Developed and maintained web applications using the MERN stack and Next.js.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Participated in code reviews and provided constructive feedback to peers, ensuring high code quality.
- Managed version control using GitHub and GitLab, ensuring seamless collaboration and code integrity.
- Utilized ClickUp as a project management tool to track tasks, deadlines, and project progress.

Intern Software Engineer, HotCat Technologies

Jan 2023-Jul 2023

- Worked as a React Native Developer, building and maintaining mobile applications using React Native and Node.js.
- Debugged and resolved software issues, improving application stability and user satisfaction.
